Abstract: Each year, more than 7,000 visitors to the various units of the National Park System file reports for lost or found items. Reporting of lost or found personal property in national parks is governed by 36 CFR 2.22, “Disposition of Property” which requires the unattended property to be impounded and deemed to be abandoned unless claimed by the owner or an authorized representative within 60 days. The 60-day period commences upon notification to the rightful owner of the property, if the owner can be identified, or from the time the property was placed in the superintendent’s custody if the owner cannot be identified. Unclaimed property shall be deemed abandoned and disposed of in accordance with Title 41 Code of Federal Regulations.

In order to comply with the requirements of 36 CFR 2.22, the NPS uses Form 10-166, "Lost – Found Report," to allow the park to properly identify and return found items to the legitimate owner. NPS Form 10-166 collects the following information from the visitor filing the report:

- Park name, receiving station (if appropriate), and date item was lost or found,
- name, address, city, state, zip code, email address, and contact phone numbers (cell and home),
- type, detailed description, and location where the item was last seen/found, and
